DETAILED ACTION

Allowable Subject Matter

Claims 1-11 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The cited prior art does not disclose or suggest the combined limitation of a process to form a semiconductor package device inter alia the limitations ".....disposing a die on the metal slice inside the opening or above a top surface of the substrate outside the opening', forming a plurality of bond wires between the top surface of the die and the top surface of the substrate to electrically connect the die to the substrate; forming an encapsulating mold compound to cover the die, the bond wires, and a part of the top surface of the substrate; removing a part of the metal slice to form a metal heat slug thermally connected to the die and to expose the bond pads..."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
